Pump with agitator
- for professional use

A powerful slurry pump using KTZ pumps as a base. Features wear resistance and durability.

Forced agitation

The agitator installed on the motor shaft extension forcibly agitates the fluid for easy and efficient transmission of sludge and slurry.

Rugged

By offering a cast iron pump body, our durability is increased over standard aluminium body pumps.

Efficient motor cooling

Slim line design with a top discharge offers economy of space. There is efficient motor cooling through a side flow channel.
